Space worthy of 21st
century

Rental and streaming offer

We are one of a kind

Central Technology Hub

Central Technology Hub is a place in which an open mind, science, technology and business permeate one another, creating constraint-free environment for technological progress.

We are located in one of the most iconic buildings of downtown Warsaw – Central Department Store (CeDeT).

The building, a modernist relic of Polish post-war architecture, is located at 50 Krucza street.

Our unique space consists of:

BUSINESS-CONFERENCE CENTRE

- Conference room can be enlarged by opening it into the exhibition area
- It is possible to arrange a virtual studio
- Workshop rooms are spacious and well equipped.

EXHIBITION AREA

Great place for exhibitors to present their brands during and after conferences. It can be also arranged for coffee or lunch breaks if there is such a need

WORKSHOP CENTRE

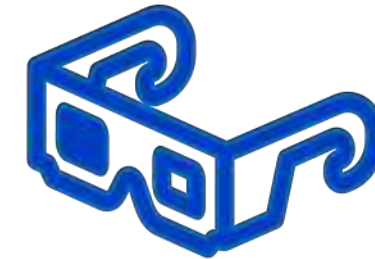

- 5 themed workshop rooms
(rooms can be combined or divided if needed):
- Science,
 - Technology,
 - Engineering,
 - Arts,
 - Mathematics

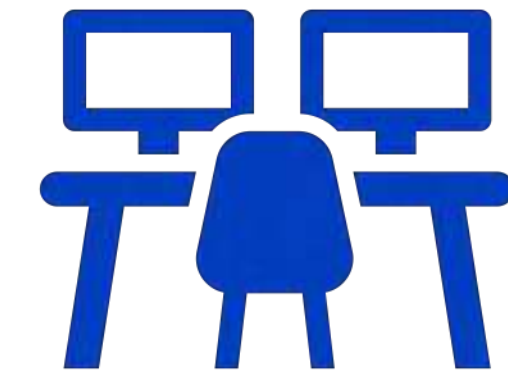

Events You can organize here:

On-line Press conferences
On-line Debates

Virtual studio based on **greenbox** technology

Recording studio capable
of broadcasting **podcasts**
and webinars

**Integration workshops: stationary
and on-line** for employees and
their children

Streaming with simultaneous **translation**

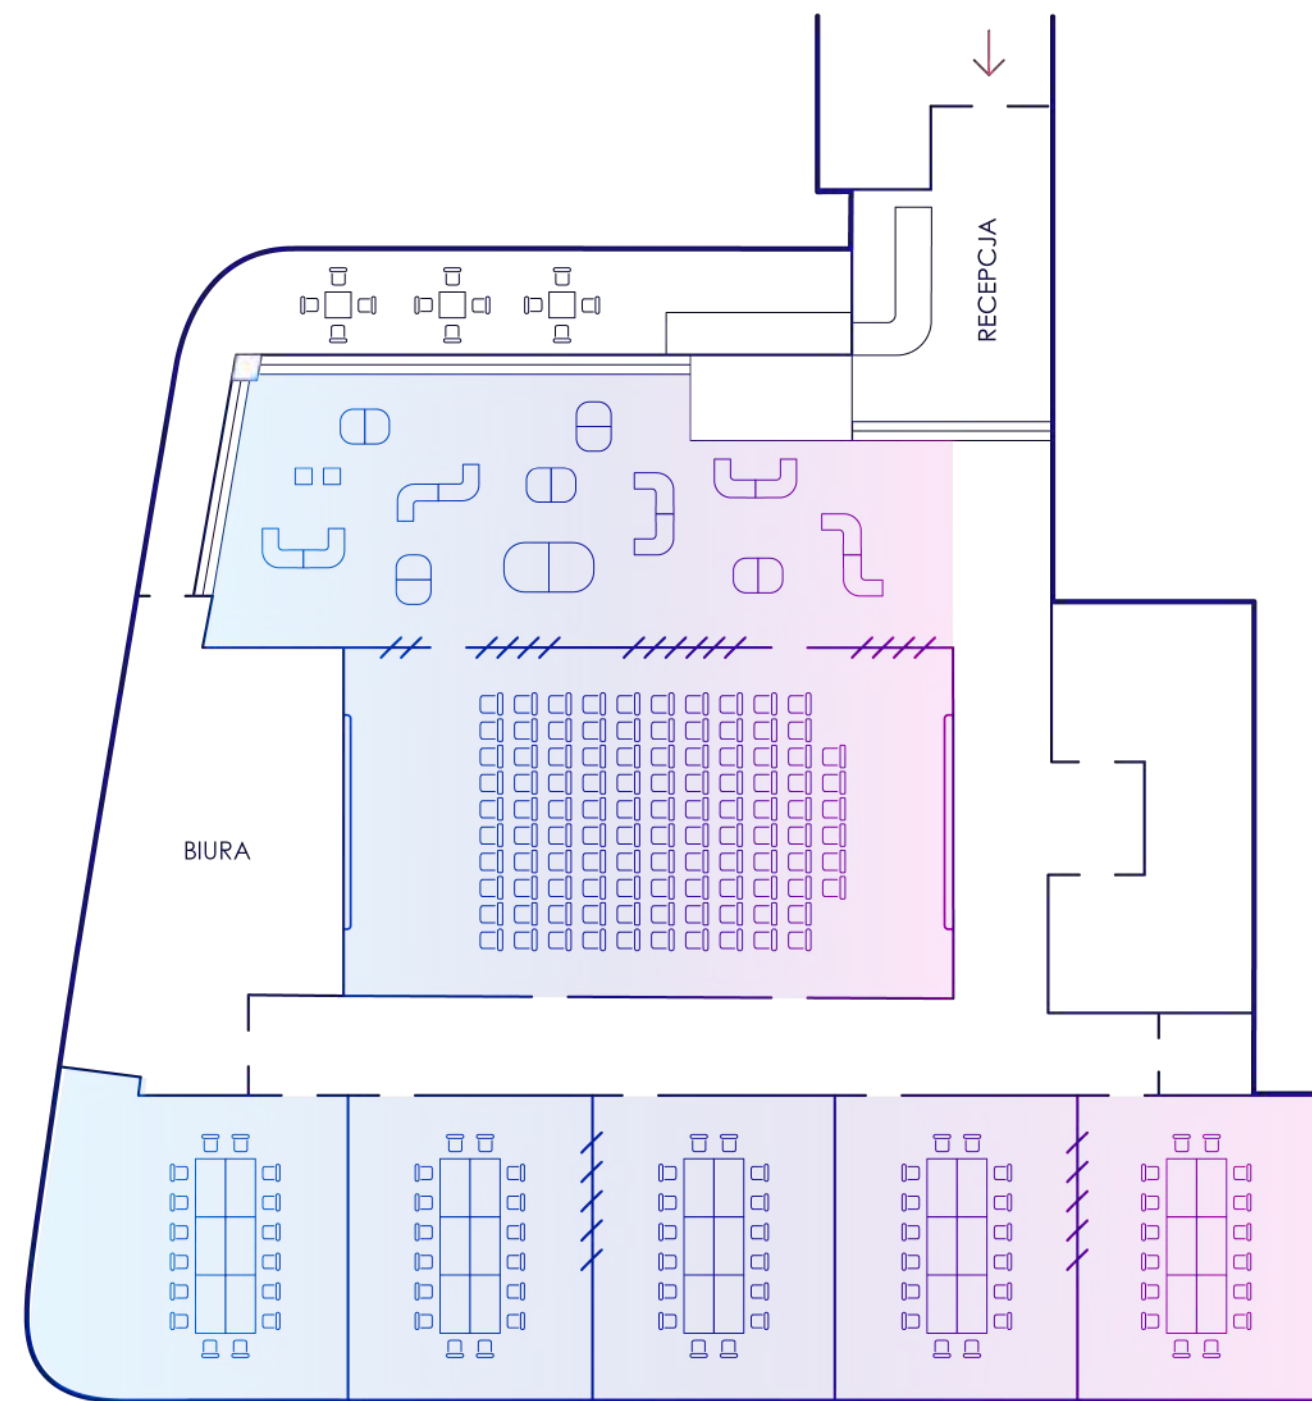

Virtual trade fairs, congresses

Cooperation
opportunities
